FROM THE MANAGING TRUSTEE'S DESK

Dear Friends,

When we embarked on this mission in 2016, we had committed ourselves to work towards enhancing our collaborative approach so that we could achieve better outcomes. The enthusiasm of sister NGO's and the innovative work of Cancer Care Community has benefited us to serve better, in order to support each and every cancer patient coming to Mumbai, which has further aided these patients "Find a Friend" in Konark Cancer Foundation.

Our long-standing association with Tata Memorial Hospital, has guided us through our journey and I remain eternally grateful for the support and direction rendered by the staff and management of TMH. They have been invaluable in guiding the Konark team to march on with the same zealous drive, so as to achieve our goals.

An organization with the spread and reach of Konark Cancer Foundation, could not have sustained itself all these years without the generous support of our esteemed donors. On behalf of the Board of Trustees, I remain eternally grateful for their kind help. We hope to march ahead in our mission and achieve our objective of erasing the logistical desperation of the cancer patients and their care givers at TMH in near future.

It is an absolute privilege and pleasure to be associated with this foundation, and I feel inspired that together we can break down cancer.

Arup Patnaik

(Managing Trustee)

TATA MEMORIAL CENTRE

Founded in 1941, the Tata Memorial Centre is today a landmark entity, recognized across the globe as one of the premier institutes providing comprehensive and the most up to date cancer care to patients for 84 years. Since its inception, the institute has adhered to its mission of providing cancer care to one and all, irrespective of their social or economic status through constant focus on service, education and research. This has been primarily possible due to the unrestrained support from the Department of Atomic energy under the Government of India. Being India's largest cancer Hospital, the Tata Memorial Centre caters to more than half a million patients coming from all part of the country on an annual basis. While the institute continues to serve an ever - increasing number of patients. About 60% of the oncology manpower in the country, is trained at the Tata Memorial Centre.

Glorious though its achievement, Tata Memorial Centre pledges to not rest on past achievements and to continue to give succor to cancer patients, offer them the best chance of cure, of life, and relief from pain in continuing tribute to vision and dedication of those, who have guided the destiny of this institution.

ROLE OF NGOS IN TATA MEMORIAL HOSPITAL

In the compassionate realm of Tata Memorial Hospital, the role of Non-Governmental Organizations (NGOs) is not just supportive but transformative. These voluntary organizations extend beyond financial aid, delving into the emotional and psychological well-being of patients, offering a holistic approach to healing.

Since March 2001, Tata Memorial Hospital has been blessed with the invaluable contributions of individual volunteers and registered NGOs through its "Helpline" program. This initiative serves as a structured platform, harnessing the time, energy, and expertise of these benevolent souls for the betterment of patients and the hospital community at large.

The Public Relations Department plays a pivotal role in orchestrating and optimizing the collaboration between the hospital and NGOs. Over 38 NGOs, each with a unique mission and vision, are registered under the Helpline Counter, with approximately 150 dedicated volunteers actively engaged in hospital activities. These volunteers, both from organizations and as individuals, selflessly commit their time and skills across various hospital sections and wards, catering to the diverse needs of patients. The impact of this collective effort is profound, with nearly 1800 to 1900 man-hours per month contributed by these volunteers. Their presence is felt in the comforting conversations shared, the supportive hands extended, and the hope renewed in the hearts of those battling illness.

At Tata Memorial Hospital, the synergy between healthcare professionals and NGOs transcends mere medical treatment, embodying a spirit of compassion, solidarity, and empowerment. Together, they create a tapestry of care that uplifts not just bodies but spirits, nurturing a community where healing is not just a process but a journey of love and humanity.

ABOUT KONARK CANCER FOUNDATION

WHO WE ARE?

Konark Cancer Foundation is an integrator NGO dedicated to meet the logistical needs of underprivileged outstation cancer patients coming to Mumbai to seek medical assistance at Tata Memorial Hospital.

OUR MISSION

To be a one-stop support point and create a network for Cancer patients and their CARE givers.

OUR BELIEF

Every patient is a family member and coping with the illness should be their only concern. The rest is taken care of by us.

OUR GOAL

1. Not a single outstation patient without proper shelter and accommodation.
2. Not a single outstation patient deprived of quality treatment due to lack of funds
3. To provide information, navigation, logistical support.

OUR CHALLENGES

Lack of Funds --- Accommodation --- Transportation --- Language Barrier --- Lack of Information.

WHAT WE DO?

- ❖ Patient navigation
- ❖ Dissipate reliable information
- ❖ Provide sustainable guidance
- ❖ Provide financial assistance
- ❖ Rehabilitate with prosthetics

HOW WE DO IT?

- ❖ Identifying challenges faced by outstation cancer patients.
- ❖ Providing affordable accommodation & transportation.
- ❖ Helping patients with language problems.
- ❖ Creating awareness regarding government schemes for cancer patients.
- ❖ Providing financial aid at the request of TMH.
- ❖ Rehabilitating the cancer victors with prosthetics and accessories.
- ❖ Creating awareness about admission & other procedure in TMH.
- ❖ Sharing information about local contacts & support.

KONARK INITIATIVES

Konark houses a passionate work force who feels deeply connected to the cause and work tirelessly to be agents of alleviation. The organization works hand in hand with patients and their families to provide support in the following ways:

- **Home Away from Home**

Our sole focus is to leverage our NGO network to provide a hygienic, comfortable, child friendly, holistic & positive environment for Chemotherapy & Radiation patients and their relatives. KCF has tied up with various shelter homes to be able to provide affordable and hygienic accommodation to outstation patients and their accompanying caregivers.

- **Patient Navigation**

Our diligent and dedicated team of volunteer's handhold the patients throughout the journey to recovery. Receiving them on arrival in Mumbai to seeing them off after treatment, taking care of logistics, accommodation, provisions and internal coordination with hospital, providing them with information regarding available avenues, relief, entitlements and facilities that they can avail from TMH and other sister NGOs.

- **Knowledge Repository**

We have researched, collected, analyzed and verified the data from a variety of sources. This has been compiled and catalogued into information useful to all patients in the form of a directory.

1. NGOs and Trusts
2. Gurudwaras/ Dharamshala's
3. Lodges/ Guest Houses
4. Wadis
5. Financial Assistance for Medical Treatment of Cancer Patients
6. Hir Wig
7. Ambulance Services
8. Blood Banks
9. Individual Blood Donors
10. Diagnostic Centre's
11. Hospice Care
12. Government Schemes for Cancer Patients
13. TMH Doctor's
14. Other Hospital Cancer Doctor's

- **Getting you there**

Transportation is often an obstacle for many patients. Konark assists patients and their families with logistical support in regards to reaching Bhubaneswar and commuting around the city for treatment. Konark is in the process of acquiring a few transportation facilities of its own.

- **Prosthetics/ Accessories**

As a logical forward integration initiative, KCF has also undertaken the donation of prosthetics and various other accessories and aids such as wheelchairs, walkers, breast implants, wigs, etc. to help rehabilitate and reinvigorate the cancer victors. KCF has partnered with Tynor for breast implants thereby creating a network for seamless procurement.

- **Regional Contact Centre/ Konark Bhubaneswar**

As a transit point which can connect the outstation patients with Head Office, Konark has opened its reference center in Bhubaneswar to provide an efficient Help Desk for patients. This Centre will work to bridge the gap and dispense essential information regarding treatment in TMH to patients & their kin before they start for Mumbai, follow up with the patients and also help them get second opinion on the course of treatment from doctors.

STORIES OF REAL-LIFE HEROES

❖ MR. VASANTRAO JADHAV

My name is Vasant Rao Jadhav, and I am 71 years old. When I was diagnosed with head and neck cancer, my son and I felt lost. We knew Tata Memorial Hospital was the best for treatment but were unsure how to navigate the process. A previous patient referred us to Mr. Arul Kulkarni, a patient navigator from Konark Cancer Foundation.

Mr. Kulkarni guided us through the registration process and helped set up my private file. He personally accompanied us to the OPD, making everything feel less overwhelming. After my initial consultation, he ensured my tests were scheduled and later took us back to the doctor for review. The doctor recommended surgery but mentioned a long waiting period. Understanding the urgency, Mr. Kulkarni suggested Dr. Sultan Pradhan and guided us to his hospital, where I underwent a successful surgery without delay.

Today, I continue follow-ups at Tata Memorial Hospital, and my treatment is progressing well. Looking back, I realize how invaluable Mr. Kulkarni's support was. Konark Cancer Foundation truly stands by patients, ensuring we are never alone in this battle.

“Konark Cancer Foundation's unwavering commitment walks alongside patients throughout their cancer experience. Together, we can make a positive difference in their lives.”

❖ MR. ADHYANT CHAUDHARY

Four-year-old Adhyant Chaudhary from Jharkhand was diagnosed with paediatric hemato-lymphoid and solid tumors, leaving his family anxious and overwhelmed. In August 2023, they arrived at Tata Memorial Hospital, unsure of what lay ahead.

Mr. Atul Kulkarni, a navigator from the Konark Cancer Foundation, became their pillar of support. He explained the treatment, reassured them, and helped with appointments and tests. Initially considering private care, Adhyant’s parents were convinced by Mr. Kulkarni’s assurance of Tata Hospital’s excellence.

When chemotherapy and a bone marrow transplant were advised, he ensured minimal delays, making the journey smoother. His presence and guidance eased the family's fears, making a difficult time more manageable.

Months of treatment ended in triumph—on May 3, 2024, Adhyant’s battle was won. His parents, once overwhelmed, were now filled with relief and gratitude. They knew that timely support and compassion had turned their fear into hope.

“Compassion and timely support can turn fear into hope, helping families navigate even the toughest battles. Trust in care, resilience, and kindness paves the way for triumph.”

❖ MRS. CHANDRAWATI SHIVANGI

My name is Chandrawati Shivangi, and my journey to recovery has been one of resilience, hope, and unwavering support. When my husband and I arrived at Tata Memorial Hospital, we were overwhelmed by the complexities of cancer treatment. We didn't know where to begin, but that's when we met Mr. Hitesh Kadam, a patient navigator from Konark Cancer Foundation.

From the very first step, Mr. Hitesh Kadam guided us through the hospital procedures, ensuring that my consultations, tests, and chemotherapy sessions were scheduled without delays. His constant presence reassured us, making an intimidating process feel more manageable.

When it was time for my surgery, his support never wavered. He helped us navigate each step, providing not only logistical assistance but also emotional strength. Knowing we had someone to rely on lifted a huge burden from our shoulders. Despite the challenges, Mr. Hitesh Kadam's dedication and compassionate approach made a world of difference. Today, as I continue my recovery, I feel immense gratitude for the role he played in my journey.

“Konark Cancer Foundation truly stands by patients like me, ensuring that no one faces this battle alone. Their support transforms fear into hope, making recovery possible.”

❖ MRS. GULNAZ SAMIR MOKASHI

My name is Gulnaz Samir Mokashi, and my journey through breast cancer treatment was filled with challenges, but also with incredible support. When my husband and I arrived at Tata Memorial Hospital on 09/05/2022, we felt lost despite being from Mumbai. The hospital procedures seemed overwhelming, and we didn't know where to begin.

That's when we met Miss Akansha More, a Patient Welfare Officer from Konark Cancer Foundation. She patiently explained the hospital processes, guiding us through the differences between General and Private categories. Understanding our financial concerns, she helped us register in the General category, ensuring we could manage our treatment costs.

Miss More accompanied us to the OPD, making sure our communication with the doctors was smooth. She arranged the earliest possible test dates, and when the reports confirmed that I needed surgery, she stood by us. Even though there was a waiting period, my family wanted the surgery to be done at Tata Memorial. Miss More advocated on our behalf and successfully secured an earlier surgery date.

The surgery went well, followed by radiation therapy, which I completed without complications. Today, I continue my follow-ups and always make it a point to meet Miss More, expressing my gratitude for her kindness and unwavering support.

"Facing cancer was overwhelming, but Miss Akansha More's guidance turned fear into confidence, ensuring I received timely treatment. "Konark Cancer Foundation's compassion proved that no patient has to fight this battle alone."

❖ MRS. RANJANA JADHAV

My name is Ranjana Jadhav, and my journey through gastroenterology treatment was challenging, but the support I received made all the difference. On 08/01/2022, I arrived at Tata Memorial Hospital from Thane, feeling lost and overwhelmed by the complex procedures.

That's when I met Miss Akansha More, a Patient Welfare Officer from Konark Cancer Foundation. She patiently guided me through the treatment options, arranged my tests, and ensured my chemotherapy cycles were

scheduled on time. Her presence provided me with reassurance, easing my initial fear and uncertainty.

Beyond medical support, Miss More also helped with basic necessities and facilitated clear communication with my doctors. She made me feel like family, offering both emotional and practical support throughout my journey.

Even after returning to Bhusawal, I remained in touch with her, seeking guidance whenever needed. Her kindness and dedication gave me the confidence to face my treatment with renewed hope.

From fear to hope—Miss Akansha More's unwavering support turned my treatment journey into a path of strength and resilience. Konark Cancer Foundation didn't just guide me through medical procedures; they became my family in the fight against illness. Even miles away, their care remains—proving that true support extends beyond hospital walls and into the hearts of patients.

The heartfelt support from Konark Cancer Foundation has been life-changing. Even now, as I continue my follow-up appointments, they stand by my side, proving that no patient has to go through this journey alone

UNSUNG HEROES: STORIES OF SILENT STRENGTH

MR. SURESH VARADHARAJAN – INDIVIDUAL VOLUNTEER

" Story of Suresh Varadharajan: A Journey of Volunteering and Giving Back

Suresh Varadharajan, a passionate photographer, found a new purpose after his retirement—one that transcended the lens of his camera. After retiring, he sought something beyond his passion for photography, and Tata Memorial Hospital presented him with the perfect opportunity to make a difference. Since 2018, he has dedicated himself to volunteering, despite taking breaks during the pandemic.

Initially, Suresh contributed his time and effort to the Radiology Department, assisting both doctors and patients. His role was crucial in easing the process for patients navigating their medical journeys. However, his journey didn't stop there. Suresh soon moved to the Helpline, where he helped guide patients through various hospital procedures, distributed food, and provided vital information. Whether it was a reassuring word or a simple act of kindness, Suresh always found a way to ease the challenges patients faced.

For Suresh, volunteering at Tata Memorial Hospital is a deeply gratifying experience. He believes in giving back to society, and through his efforts, he has touched many lives. His commitment to helping others continues to grow, and he plans to keep serving the community with the same passion and dedication.

Though photography remains his personal passion, volunteering has become an equally rewarding aspect of his life, allowing him to contribute in meaningful ways beyond the frame of a photograph.

" The Story of Gopa Das: Turning Personal Loss into Transformative Giving"

Gopa Das's life changed forever when her mother was diagnosed with breast cancer in 2008. Having relocated from Kolkata to Mumbai in 1997, Gopa was initially focused on her family, but her mother's illness pulled her into the world of cancer care. Her mother underwent surgery, chemotherapy, and radiation at Tata Memorial Hospital. Unfortunately, in 2016, her mother relapsed with Stage 4 metastasis, and after being transferred to palliative care, she passed away in 2018.

During these ten years of caregiving, Gopa witnessed firsthand the difficulties cancer patients and their families face. One key challenge she noticed was the language barrier, especially for Bengali-speaking patients, which made it hard for them to understand medical instructions and navigate hospital procedures. This inspired Gopa to take action to help others who were facing similar struggles.

In 2021, Gopa founded the Maya Charitable Trust in honor of her mother. As Managing Trustee and Chairperson, she provides financial assistance to cancer patients, distributes essential items like fruit juices and rations, and offers emotional and moral support, especially to Bengali-speaking individuals. Through her work, Gopa continues to transform her personal loss into a source of hope and assistance for those battling cancer.

MR. BINOY AMIO CHAKRABORTY

"Unsung Hero: Binoy Amio Chakraborty's Journey of Compassion."

Binoy Amio Chakraborty, a tax and investment consultant, turned his personal tragedy into a lifelong mission of service. His journey into social work deepened when his elder daughter was diagnosed with Ewing Sarcoma in 2015. Facing delays and misdiagnoses, he fought tirelessly until she received proper treatment at Tata Memorial Hospital (TMH) under Dr. Tushar Vora. The experience opened his eyes to the struggles of countless cancer patients.

Since 2016, Binoy has been a dedicated volunteer at TMH, assisting patients in OPD No. 88 under the Impact Foundation. During COVID-19, he increased his service, helping even more families in need. To support cancer patients, he organized three blood donation camps, collecting over 265 units. He has also donated platelets 92 times—91 at TMH and once at Jaslok Hospital.

Beyond volunteering, Binoy contributes a portion of his income to cancer patients and underprivileged students, ensuring that financial hardship does not hinder treatment or education. His story is one of resilience, compassion, and selfless service—an unsung hero transforming personal pain into hope for others.

MR. & MRS. - TEMAKAR

" Unsung Heroes: The Story of Akash and Vidya Temkar."

Akash Yashwant Temkar, a Senior Pharmacist at Mazagaon Dock, is dedicated not only to his work but also to helping others. With a diploma in pharmacy, he understands the physical, emotional, and financial challenges faced by patients, which drives him to support them.

What makes Akash unique is his belief that human connections are more important than material wealth. He has always lived by the principle that people matter more than money.

Akash's wife, Vidya, plays a crucial role in their shared mission of service. A graduate and homemaker, Vidya has always been passionate about social work. Together, they make a powerful team, supporting each other in their efforts.

While Akash has always been active in helping others, Vidya's support has been vital. She ensures patients' needs are met, whether it's providing meals or helping them with hospital visits.

Vidya's contributions are a key reason for the success of their work. Together, Akash and Vidya Temkar are making a difference, serving the community and bringing comfort to those in need. Their dedication truly exemplifies the spirit of unsung heroes.

MRS. MANINI GANGULY

“A Beacon of Hope: Manini Ganguly’s Lifelong Mission.”

For over 10 years, Manini Ganguly has been a dedicated volunteer in the Bone & Soft Tissue Tumour department at Tata Memorial Hospital, Mumbai. More than just a guide, she offers comfort and emotional support to cancer patients navigating their difficult treatment journey.

Her main role involves helping patients with registration, explaining procedures, and answering questions to ease their anxiety. Acting as a bridge between doctors and patients, Manini ensures effective communication while providing a calming presence in the hospital’s chaotic environment.

Manini’s unique ability to assist Bengali-speaking patients is invaluable, breaking down language barriers and offering much-needed understanding. Additionally, she is always ready to help in times of financial crisis, offering immediate aid to those in need.

She also helps guide patients through personal struggles, offering advice and comfort when they feel most vulnerable. By lightening the mood with her laughter and small refreshments, Manini brings a sense of relief to both patients and doctors. For Manini, the true reward lies in the blessings and gratitude she receives from those she helps. She is a silent hero, dedicating her life to making a difference, one patient at a time.

USHA SUBHASH MEHTA – MAKE A WISH FOUNDATION

Usha Ji: A Beacon of Selflessness and Hope

Usha ji is a true unsung hero, embodying selflessness and compassion. Years ago, she began volunteering under your guidance at Tata Memorial Hospital's Pediatric Oncology Department. Since

then, she has been a constant source of support, always stepping up to help whenever needed. With over 100 individuals in your network. During the COVID-19 lockdown, her dedication reached new heights. As families were stranded at Tata Memorial Hospital, she became their lifeline, providing groceries, accommodations, and essential aid. Two unforgettable acts of kindness stand out:

A Kashmiri child battling cancer wished for a battery-operated bike. With "Make A Wish" NGO inactive due to the lockdown, Usha ji used her vast network to ensure the bike was delivered to the child's home, bringing immeasurable joy.

A handicapped man in Siliguri, West Bengal, struggling to survive, received a 3-wheeler bicycle through Usha ji's efforts via the NGO *Geetanjaly*. This act of kindness helped him become self-reliant by selling lottery tickets, restoring his dignity and independence.

Through every act of kindness, Usha ji proves that heroes don't always wear capes. They are the ones who quietly lift others up, offering hope and strength in times of darkness. Usha ji's story is a powerful reminder of the difference one person can make in the lives of so many.

MR. VINAYAK JOSHI

“The Story of a Selfless Caregiver – The Journey of Vinayak Joshi.”

For the past 20 years, Vinayak Joshi has been selflessly supporting cancer patients, their families, and the community. His journey began with a simple desire to help, bridging the communication gap between doctors and patients. Witnessing the emotional toll of cancer, he pursued specialized training in counselling and social work, equipping himself to provide meaningful support.

For the last eight years, Vinayak has been a pillar of strength at Tata Memorial Hospital’s Palliative Care Department, offering counselling to terminally ill patients. Even during the pandemic, he remained committed, providing tele-counselling when in-person meetings were restricted. His dedication stems from personal experience—caring for his aunt in the 1980s and later becoming the sole caregiver for a colleague battling metastatic prostate cancer for eight years. These experiences fuelled his passion for caregiving, leading him to professionally support patients in their most difficult moments.

Today, Vinayak counsels 8-10 patients daily at Tata Memorial, along with privately assisting others. He seeks no recognition, finding fulfilment in knowing he has made a real difference in the lives of those battling cancer. A true unsung hero, Vinayak continues to offer quiet yet profound support when it’s needed the most.

MR. SITARAMAN

“The Unyielding Spirit of Mr. Sitaraman: A Real-Life Hero.”

At Tata Memorial Hospital, Mr. Sitaraman, a volunteer with Vasantha Memorial Trust, dedicates himself to supporting underprivileged cancer patients. A Chartered Company Secretary with a distinguished corporate career, his true impact lies in his selfless service.

Since 2017, he has been a pillar of support for cancer patients, but in July 2023, he faced a personal tragedy—losing his wife to lung cancer. Despite his grief, he chose to return, continuing his mission with unwavering resolve. Mr. Sitaraman, volunteering is not just about assistance; it is about restoring dignity, offering comfort, and being a source of hope. His journey is a reminder that even in the face of personal loss, one can choose to uplift others, proving that true strength lies in selfless service.

His days are filled with acts of kindness—helping patients navigate complex medical procedures, offering emotional support to grieving families, and ensuring that no one feels alone in their battle. Whether it is arranging financial aid, guiding patients through treatments, or simply lending a listening ear, his presence brings reassurance to those in distress.

Despite his invaluable contributions, he remains humble, believing his efforts are small compared to the dedication of doctors and healthcare workers. Yet, to the many lives he has touched, Mr. Sitaraman is a beacon of hope—an unsung hero who proves that even the simplest acts of kindness can make a world of difference.
